# **AN ANALYSIS OF ELED STUDENTS' PERCEPTION OF TEACHING PROFESSION**

## **ABSTRACT**

The teacher is not only transferring knowledge but also guide, educate, and evaluate students. The goal is to make changes in students who are to be better. Therefore, the good or bad performance of the teacher will make the students have a perception of the teaching profession. This study investigated the student of ELED perceive of the teaching profession and to investigate the students' motives for joining Faculty of Teacher Training and Education. This study was a survey type of descriptive research design in the term of the interview session. The technique and instrument to obtain the data is the semi-structured interview. The sample comprised 15 ELED students, selected using simple random sampling techniques from the University of Muhammadiyah Malang. The study revealed that all of the students have a positive perception about the teaching profession and there are three motives of ELED students, (1) self-realization, (2) interested in English, and (3) family background.

**Keywords:** *Student perception, the teaching profession*

## ACKNOWLEDGMENTS

Alhamdulillah Rabbil' Alamin. I express my gratefulness to Allah SWT for amounts of blessing, grace, health, and opportunity to accomplish this research successfully.

I wish to express my sincere appreciation to my advisor I, Mr. Estu Widodo, M. Hum., for the guidance, advice, motivation, and the assistance from the early stage of this research as well as providing me impressive experience. Then to my advisor II, Mrs. Aninda Nidhomil Hima, M.Pd., for the suggestion, encouragement, and support until this research completed. Without his persistent help, the goal of this project would not have been realized. I also want to thank you for my examiners Mr. Riski Lestiono, M.A and Mr. Mashyud, S.Pd., M.Pd for let me present my thesis, and for your brilliant comments and suggestions, thank to you.

I am deeply grateful to my dearest parents, bapak Guruh Ananta and ibu Sri Ritowiyah for their unconditional love, prayers, and involvements to educate and support me to achieve my goals. My special thanks to lead to my brothers, Aldo Cartaghena Brilyawan and Aldan Pamungkas Brilyawan for their support and valuable prayers. My special thanks also go to my friends who have supported me throughout the process, and for being my good listeners and entertainers for every trouble I faced, especially when I felt stress out to complete this research.

I would like to say thanks to all my lecturers, my classmates, my thesis classmates for their frequent help and support during this research. Finally, I wish to thank all the people whose assistance was a milestone in the completion of this project.
